Re: Request for Sector Reclassification of CPF from "Agribusiness" to "Food and Beverage"

Attn: President
The Stock Exchange of Thailand

Since 1999, Charoen Pokphand Foods Public Company Limited ("CPF") has been having the vision of being "Kitchen of the World", with mission to produce and globally distribute foods to consumers. Thus, the Board of Directors and the Company have been always placed main focus in the development of food and processed food business for consumers, as shown by the structure of revenue from sales in the past 3 years as follow;

(in Million Baht)	Y2007		Y2008		Y2009	
1. Feed & Breeders	54,872	41%	64,156	41%	66,996	40%
2. Ready Meal, Processed Foods & Farm products ¹	79,084	59%	92,082	59%	98,067	60%

¹ Including chicken meat, pork, fresh eggs, shrimp, fish, packaged frozen meat, seasoning meat or primary meat products as grounded pork, partially cut chicken meat, Omega-eggs, semi-cooked meat, value added cooked meat, and ready-meal under customers' brand or CP brand (for example shrimp wonton, five-star chicken, sausage, soy-sauced duck, grilled duck noodle, Teriyaki chicken, etc.)

Considering the above revenue structure, it has shown that the revenue from the Ready Meal, Processed Foods & Farm products has been increasing accordingly from 79,084 million baht or 59% of total sales in 2007 to 98,067 million baht or 60% of the total sales in 2009. Thus, the Company would like to request for sector reclassification from "Agribusiness" to "Food and Beverage" to reflect the Company's current revenue structure, and to be according to the Company' Vision and policy of building food brand to be well accepted by consumers as being "The Kitchen of the World" onwards.

For your kind consideration.

Sincerely yours,

Adirek Sripratak
(Mr. Adirek Sripratak)
President and Chief Executive Officer
