

2 December 2019

Subject: Explanation of fire incident
Attention: Directors and Managers
The Stock Exchange of Thailand

As a fire occurred at AJ Plast Public Company Limited in Laem Chabang Industrial Estate at around 21:00 p.m. on 29 November 2019. The company would like to clarify as follows.

The incident occurred at the utility equipment area which affects production in two main production lines (out of a total of ten main production lines). At present, one affected production line has resumed normal production operations. Another one production line is in the process of changing auxiliary equipment and is expected to resume normal production in one week.

The company is in the process of investigating the cause of the fire. There are no injury or damage to the main production lines as well as the company's building. The company is in the process of safety inspection and assessing the damage value. The company has both Accidental Damage (Property) Insurance and Business Interruption Insurance that cover the damages from this fire incident.

The company values importance of safety in the factory. There are preventive measures and systems, including security officers at all times. When there is an abnormality, our officers are able to access and control the incident according to the safety management plan completely and a normal situation can be resumed quickly.

Please be informed accordingly.

Yours sincerely

Mr. Kittiphat Suthisamphat
Vice President
