PROSPECTUS SUMMARY

The following summary does not purport to be complete and is qualified in its entirety by, and should be read in conjunction with, the more detailed information contained elsewhere in this Prospectus. Unless otherwise noted, all important terms and phrases used in this Prospectus are defined in Part 2 - "Definitions".

Description of Non-Voting Depositary Receipts

This Prospectus relates to the issuance by Thai NVDR Company Limited, a wholly owned subsidiary of the SET of a new form of security known as a Non-Voting Depositary Receipt or NVDR. The creation of this new form of security was authorized by the SEC in accordance with SEC notification No. TorJor. 31/2552 re: Offering of Non Voting Depositary Receipt by the Subsidiary of the Stock Exchange of Thailand, dated September 1, 2009. As more fully described elsewhere in this Prospectus, each Non-Voting Depositary Receipt represents certain Financial Benefits (but not voting rights) attached to a Security of the relevant Target Company. The purpose of this Prospectus is to give Investors detailed information about the terms and conditions of the NVDRs as well as an understanding of the investment considerations associated with purchasing them from the Issuer.

Major Objectives of the NVDRs

Under Thai law, the percentage of shares that can be held by non-Thai individuals or entities in a company listed or to be listed on the Stock Exchange may be limited. Foreigners who are interested in making investments in these companies are often prevented from doing so because of these foreign ownership restrictions. The NVDR represents an investment alternative that allows foreign investors to receive the Financial Benefits associated with the ownership of Securities in a company whose Securities are listed or to be listed on the Stock Exchange without being concerned about the foreign shareholding limitations. Under the NVDR scheme, the Investor will inform the Issuer of the number of NVDRs (representing the Financial Benefits of the relevant Securities of that Target Company) it would like to purchase. The Issuer shall, in accordance with the Terms, proceed to purchase the Securities through the Agent at the same price and in the same quantity as the NVDRs the Investor wishes to purchase from the Issuer. Once the Issuer has purchased the relevant Securities it will issue to the Investor the NVDRs representing those Securities. Through its ownership of the NVDRs, the Investor will obtain all of the Financial Benefits in and to the relevant Securities. The Issuer will be the registered and legal owner of the Securities. However, in case where NVDRs represent Shares, the Investor will not have any voting rights with respect to the Shares as specified in Condition 8 of the Terms. In this way, foreign ownership limitations will be complied with and the Investor will be able to gain the Financial Benefits of investing in the Target Company.

Amount and Price of the NVDRs

The number of NVDRs to be issued to the Investor in accordance with this Prospectus will be equal to the number of Securities purchased by the Issuer. The purchase price for one NVDR will be equal to the price of one Security.

Subscription, Purchase and Allocation Procedures

The procedures for the subscription, purchase and allocation of the NVDRs will depend on the Securities being purchased are Existing Securities or New Shares or Warrants. These procedures are described in detail in Part 4 - "*Subscription, Purchase and Allocation Procedures*"

INVESTMENT CONSIDERATIONS

Investors should carefully consider all of the information provided in this Prospectus in order to make an informed decision with respect to, and in evaluating an investment in, the NVDRs.

General Information

The NVDR is a new type of security that provides Investors with all the Financial Benefits (but not the voting rights) of the Securities. The creation of this new form of security was authorized by the SEC in accordance with a notification dated August 3, 2009.

Investors wishing to purchase NVDRs from the Issuer are required to place a purchase order through an Agent on the Stock Exchange. Once the Issuer purchases the Securities that these NVDRs will represent, it will issue the NVDRs to the Investor in an amount equal to the amount of the Securities purchased, in the ratio of one NVDR to one Security. Although the Financial Benefits associated with the Securities will pass to the Investor, the Issuer will be the registered owner and retain legal ownership of the Securities. The Investor will not be entitled to exercise any voting rights with respect to the Shares, except in the situation where it is proposed that the Shares be delisted from the Stock Exchange, in which case the Investor may be entitled to influence the vote of the Issuer with respect to that particular resolution. For a more detailed explanation of the voting restrictions, see Part 5 – “*Terms and Conditions of the NVDR*”. The rights and obligations of, and the relationship between, the Issuer and the Investor are more fully explained in the Terms.

As the owner of the NVDR, the Investor may (i) sell the NVDR to the Issuer, (ii) transfer the NVDR to other Investor or (iii) exchange the NVDR for the Securities and vice versa, subject to certain restrictions. The detailed procedures for buying, selling, transferring or exchanging the NVDRs are explained in Condition 4.

Issuance of the NVDR – General

After the Investor has placed an order to purchase the NVDR with the Issuer and the Issuer has purchased the Securities, the Issuer will deliver the NVDRs to the Investor in accordance with the procedures set out in Condition 4.

(a) Issuance of NVDRs Representing Existing Securities

The NVDR is not considered “issued” on the date the order is filled by the Issuer; rather, it is considered issued on the Settlement Date when the relevant Existing Securities are delivered to the Issuer. In accordance with the present clearing and settlement system of the Stock Exchange, the Settlement Date will be the Business Day as specified by the clearing and settlement regulations of the Stock Exchange. Therefore, the Existing Securities will not be delivered to the Issuer until the Settlement Date. Prior to the Settlement Date, the Investor holds only the right to receive the NVDR. Upon the completion of the clearing and settlement of the Securities on the Settlement Date, the NVDR will be duly issued and the Investor will be the legal holder of the NVDR.

(b) Issuance of NVDRs Representing New Shares or Warrants

When the Issuer purchases and pays for any New Shares, it will not immediately become the registered holder of those New Shares until (a) the Target Company submits all necessary paperwork to the MOC for and the MOC has accepted the registration of (i) the increase of its paid-up capital and (ii) the Issuer as a holder of the New Shares and (b) the Issuer has received the certificates representing the New Shares or, if the New Shares are in scripless

form, the New Shares have been credited into the Custodian account of the Issuer. During the period commencing from the time of payment of the subscription price for the New Shares, until the registration process and the delivery of the New Shares is complete, the Investor holds only the right to receive the NVDRs representing those New Shares. Once the registration process and the delivery for the New Shares is complete, the NVDRs will be considered duly issued to, and legally owned by, the Investor.

When the Issuer purchases and pays for any New Warrants, it will not immediately become the registered holder of those New Warrants until the Issuer has received the certificates representing the New Warrants, if the New Warrants are in scripless form, the New Warrants have been credited into the Custodian account of the Issuer. During the period commencing from the time of payment of the subscription price for the New Warrants, until the delivery of the New Warrants is complete, the Investor holds only the right to receive the NVDRs representing those New Warrants. Once the delivery for the New Warrants is complete, the NVDRs will be considered duly issued to, and legally owned by, the Investor.

During any period where the Investor only holds the right to receive the NVDR, the Investor may enter into a transaction in respect of that right. If the clearing and settlement, the relevant registration with the MOC or the delivery by the Issuer, as the case may be, of the Securities mentioned in the previous two paragraphs is unable to be completed, for whatever reason, the Issuer is entitled not to issue the NVDR to the Investor and to cancel the entire transaction. If this occurs, the Issuer shall not be liable for any loss or damage caused to the Investor resulting from or in connection with the cancellation of the transaction by the Issuer.

Rights of the Issuer Not to Issue and Sell the NVDRs

The Issuer has the right not to issue and sell the NVDRs to an Investor upon the occurrence of any of the following specified events:

- (1) The Issuer held the Shares in percentage close to the investment limitation of Shares in certain businesses under applicable Law
- (2) The Issuer is unable to purchase the Securities at the same subscription price as that offered by the Investor for the NVDRs;
- (3) The clearing and settlement and/or delivery of the Securities is not complete on the Settlement Date; or
- (4) In the event the Issuer subscribes for and purchases New Shares, the Target Company fails to complete the registration at the MOC of the matters mentioned in the section entitled “*Issuance of NVDRs Representing New Shares or Warrants*”.
- (5) The Investor does not meet the requirements nor qualifications as specified in the Law and/or this Prospectus.

Purchase Obligations of the Issuer

The Issuer has no obligation to purchase the NVDRs from the Investor if the Issuer is unable to sell the Securities at the price equal to the price at which the Investor wishes to sell the NVDR to the Issuer.

Purchase of Securities and Exchange of NVDR for Securities

The Issuer shall not be liable to the Investor or any other Person for any damage or loss if the Investor or any other Person is unable, for whatever reason, to register its name as a registered holder of the Securities in the Security Register Book as a result of the events mentioned in Conditions 4.1.3 (5), 4.3.2 and 10.

Issuer's Voting Rights

As the registered holder of the Shares, the Issuer has the right to vote at its discretion at the meeting of the shareholders of the Target Company as specified in Condition 8. The Investor shall have neither voting rights nor any right to instruct the Issuer how to vote in the meeting of the shareholders of the Target Company unless otherwise specified in Condition 8.

Issuer's Right to Take Action

The Issuer reserves the right to take any steps and actions at its sole discretion under applicable law in order to have the Investor comply with the Terms. The Issuer shall not be liable for any loss or damage caused to the Investor arising from or in connection with taking such steps and actions.

Investment Limitations

The Issuer reserves the rights to take any steps and actions as the Issuer deems appropriate and necessary under the virtue of applicable law in order to distribute and allocate the Financial Benefits to Investors according to Term and Condition of NVDR.

Under Thai law, there may be limitations on the percentage of Shares able to be held by any single individual or entity in connection with certain businesses. In the case where (a) Issuer held the Shares in excess of the relevant threshold percentage of Shares, those shares that are in excess shall be enforced to sell out, in this case the Issuer shall not issue and sell the NVDRs to the Investors or (b) Investors hold NVDRs either singly or in combination with the Shares, or vice versa, in excess of the relevant threshold percentage of Shares, those shares that are in excess will lose Financial Benefits attached to them. The Issuer shall not be liable to an Investor for the loss of such rights due to an investment in the relevant Target Company beyond the Limitation imposed by applicable law.

Each Investor should make its own investigation into whether the relevant Target Company in which the Investor wishes to invest is subject to any such restrictions before making the investment in the NVDRs representing the Shares of that Target Company.

Investment Risks

There are no Issuer-related risks associated with the NVDRs. The risks associated with the NVDRs are those that arise from risks associated with an investment in the Securities. An Investor should carefully consider the risks associated with the relevant Target Company before making the investment in the NVDRs representing the Securities of that Target Company.

The Investor shall have no right to take any type of action, whether legal or otherwise, against the Issuer in connection with its investment in the NVDRs, unless the Issuer engages in willful misconduct with respect to the distribution of the Financial Benefits, and such action causes damage to the Investor.

Any claim made by an Investor against the Issuer shall be limited to the Financial Benefits on the Securities underlying the NVDRs held by such Investor.

Issuer's Undertaking

As the Issuer's main objective under its memorandum of Association is to issue the NVDR to the Investor and use the proceeds derived from the sale of the NVDR to invest in the Securities, the Issuer undertakes not to create any liabilities or indebtedness other than those relating to the issuance of the NVDR and the operation of the Issuer. In addition, the Issuer undertakes neither to pledge nor to create any lien or encumbrance over the Securities underlying the NVDR.

Governing Law and Jurisdiction

The NVDRs shall be governed by and construed in accordance with the Law. If there is an inconsistency between any provision of the Terms and any provision of the Law, the relevant provision of the Laws shall, to the extent of the inconsistency, prevail. Any legal action or proceedings with respect to the NVDRs shall be brought in the courts of Thailand.

Each Investor acknowledges and agrees that it has read and understood all the provisions of the Terms and that it shall be subject to and bound by the Terms.

PART 4

SUBSCRIPTION, PURCHASE AND ALLOCATION

Subscription, Purchase and Allocation through the Agent

When the Investor places an order to purchase the NVDRs through the Agent, the Agent will purchase the Securities on the Stock Exchange (according to the trading regulations of the Stock Exchange) for and on behalf of the Issuer at a price equal to the price at which the Investor offers to purchase the NVDRs. On the Settlement Date, the Issuer shall (i) sell the NVDR to the Investor through the Agent, (ii) notify the Investor of the purchase through the Agent in accordance with the Securities purchase reporting practice of the Stock Exchange and (iii) subject to the provisions of Condition 5, register the TSD as nominee for the Investor, in the NVDR Register Book. The Agent shall prepare the list of names of the Investors who have purchased NVDRs in accordance with that specified by the Stock Exchange and the TSD. The Agent shall also submit the list of Investors who have purchased NVDRs to the TSD within the period specified by the TSD so that the Issuer is able to distribute the Financial Benefits attached to the Securities represented by the NVDRs to the Investors as described in Condition 9.

Subscription, Purchase and Allocation through the Underwriter

The Investor may subscribe for the NVDRs through the Underwriter if the Target Company arranges for the sale of New Shares or Warrants through the Underwriter. When the Investor places an order to subscribe for the NVDRs through the Underwriter and has paid for such subscription, the Issuer shall take the following steps:

- (1) The Issuer shall instruct the Underwriter to subscribe for the New Shares or Warrants for and on behalf of the Issuer in the same amount as the NVDRs ordered by the Investor, in accordance with the subscription, disposal and payment procedures of New Shares or Warrants specified by the Target Company.
- (2) The Issuer shall sell an amount of the NVDRs equal to the amount of New Shares that the Underwriter has purchased on the Issuer's behalf after (a) the MOC has accepted the registration of (i) the increase of the Target Company's paid-up capital and (ii) the Issuer as the holder of the New Shares and (b) the Issuer has received the Share certificates representing the New Shares, if the New Shares are in scripless form, they have been credited into the Custodian account of the Issuer.

The Issuer shall sell an amount of the NVDRs equal to the amount of New Warrants that the Underwriter has purchased on the Issuer's behalf after the Issuer has received the certificates representing the New Warrants, if the New Warrants are in scripless form, they have been credited into the Custodian account of the Issuer.

- (3) If the Underwriter is unable to purchase any New Shares or Warrants at the price specified by the Issuer, the order to subscribe for the NVDRs shall be cancelled. The Underwriter must then return the payment for the subscription of the NVDRs to the Investor, within the Business Day after the date the Issuer has been informed of the Underwriter's inability to fulfill the order.
- (4) If the Underwriter is able to purchase only a portion of the New Shares or Warrants, and there remain unpurchased New Shares or Warrants according to the subscription order for New Shares or Warrants, the Underwriter shall purchase such portion of the New Shares or Warrants, and the remaining subscription order for NVDRs representing the unfulfilled subscription order for the New Shares or Warrants shall be cancelled. The Underwriter must then return the payment for the NVDRs in the amount equal to the number of the New Shares or Warrants that were not able to be purchased in accordance with the subscription order, to the Investor within the Business Day after the date the Issuer has been informed of the Underwriter's inability to fulfill the order.
- (5) If the Target Company fails to apply for the listing of the New Shares or Warrants on the Stock Exchange within the period specified by the Stock Exchange, or the Stock Exchange refuses to list the New Shares or Warrants, the Issuer shall purchase the NVDRs from the Investor in the number that the Investor has purchased through the Underwriter. In this regard, the Investor shall either purchase or arrange for any Persons to purchase the New Shares or Warrants from the Issuer within ninety (90) days from the date following (i) the last day of the listing period as specified by the Stock Exchange or (ii) the day the Stock Exchange has refused to list the New Shares or Warrants, as the case may be. After such ninety (90) day period, if the New Shares or Warrants still remain unsold, the Issuer shall have the right to sell the New Shares or Warrants to any Person at the price the Issuer deems appropriate and to purchase the NVDRs for the price that it receives from the sale of the New Shares or Warrants.

The Issuer shall not be liable to the Investor or to any other Person for any loss or damage if the sale price of the New Shares or Warrants sold by the Issuer is lower than the price at which those New Shares or Warrants were purchased from the Target Company.

If a subscription, purchase and allocation for the New Shares or Warrants through the Underwriter is no longer necessitated by law, the Issuer may allow the Investor to subscribe, purchase or allocate the NVDRs using in the same subscription, purchase and allocation procedures as the issuance of the New Shares or Warrants of the Target Company.

In general, the registered owner of securities will be entitled to receive dividends, capital gains or benefits arising from those securities under the laws of Thailand. In the case of the Shares, the Issuer will be regarded as the owner of the Shares and will be entitled to receive dividends and capital gains arising from the Shares. The Issuer is exempt from income tax on dividends derived from holding the Shares and from capital gains derived from the sale of the Shares pursuant to Royal Decree No. 337 B.E. 2544 (A.D. 2001) (the “**Royal Decree**”).

Interest or other similar income derived from the NVDRs will be treated as income under Section 40(4)(a) of the Thai Revenue Code B.E. 2481 (A.D. 1938). Capital gains on the transfer of the NVDRs will also be treated as income under Section 40(4)(g).

Non-Resident Individual Investors

In considering whether an Investor is a resident in Thailand, Thai law does not look at the nationality of the Investor but will determine whether the Investor has been in Thailand for an aggregate of more than 180 days during the tax (calendar) year. If so, the Investor will be deemed to be a resident in Thailand for tax purposes.

Under Thai tax law, payments that the Issuer has made to the holders of the NVDRs as a result of the Issuer’s receipt of dividends from the underlying Shares is considered a payment equivalent to the payment of dividends (the “**Substituted Payment for Dividends**”).

Substituted Payment for Dividends. Substituted Payment for Dividends received by the Investor is subject to 15% withholding tax, which will be withheld by the Issuer. In response to the intention to apply the same treatments as if the Investor holds the Shares in its own name, the withholding tax rate will be reduced from 15% to 10% in accordance with the Royal Decree.

Capital Gains. A capital gain derived from the sale of the NVDRs is exempt from Thai tax.

Non-Resident Corporate Investors

A non-resident company and registered partnership is a company or registered partnership established pursuant to a foreign law and not doing or deemed to be doing business in Thailand or have a permanent establishment in Thailand.

Substituted Payment for Dividends. Same as those described for Non-Resident Individual Investors.

Capital Gains. A capital gain from the sale of the NVDRs by a non-resident company or

registered partnership is subject to withholding tax of 15%, which may be exempted under the terms and conditions of the relevant double taxation treaty between Thailand and the country of the Investor's residence.

Stamp Duty

There is no stamp duty payable on the sale of the NVDRs.
