Re: Clarification of the misleading information presented in Thun Hoon Newspaper regarding the investment in the solar power plant project in Philippines

To: President
The Stock Exchange of Thailand

As stated in Thun Hoon Newspaper on February 16, 2017 regarding the progress of the investment in the solar power plant project in Philippines (the "Project");

Demeter Corporation Public Company Limited (the "Company") would like to clarify that details of the Project described in the news are misleading. In particular, Negros PH Solar Inc. ("NPSI"), in which the Company makes the investment by means of acquisition of the shares equivalent to 40% of the total issued shares of the NPSI, is developing the Project having the total power production capacity of 50 MW. Accordingly, the Project currently has the total production capacity of 50 MW not 128 MW.

Please be informed accordingly.

Sincerely Yours,

Demeter Corporation Public Company Limited

-Anit Osathanugrah-

(Mr. Anit Osathanugrah)

Director and Chief Executive Officer
