Subject: Clarification of employees infected to Covid-19

To: President.

The Stock Exchange of Thailand.

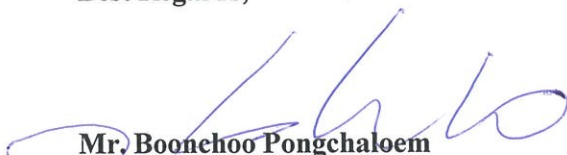

As a result of the resurgence of COVID-19 infections, the Company would like to update the current situation to the Stock Exchange of Thailand as following:

On 2-3 February 2021, the Company is proactively implementing COVID-19 testing for 1,239 employees and received 10 confirmed positive cases or 0.81%. Those infected employees have been treated as per the government measures. In this regard, the infected employees who have no symptoms have been quarantined in their household or in the locations prepared by the Company with closely monitoring by the Company and the infected employees with symptoms have been treated under government's protocol.

The Company continues to follow all Health Ministry guidelines and protocols, the employees who contacted with the infected employees are placed in quarantine and under closely tracing by the authorities. The Company also continues to closely monitor the situation and work with authorities to handle the situations including implements comprehensive protocols in place in case of positive test results; these protocols include ensuring taking care of the affected employees while isolating them according to government guidelines and deep cleaning in various areas both inside and outside the factory. The most important point is the factory remains operate normally.

As the top priority of the Company is the health and wellbeing of all employees, partners, suppliers, customers and local communities, therefore the Company has increased rigorous health and safety measures including health screening processes at the entrance of all facilities. Operations are all ongoing but in-person meetings for employees, contractors and visitors are cut down to essential business. In addition, the company limits employee movement among working locations within factories. Regular sanitization process both for workplace and work force is in place. All measures are to ensure the highest health and safety standard of our people and production.

Best Regards,

Mr. Boonchoo Pongchaloem
Chairman
