

ESG 4 Plus

E Environmental S Social G Governance

มุ่ง Net Zero ปี 2050
Set Net Zero by 2050

GO Green

Lean เหลือมล้ำ
Reduce Inequality

ย้าร่วมมือ
Embrace Collaboration

Plus เชื้อม้น โปร่งใส

Plus Trust Through Transparency In All Operations

ESG at the core of SCGP Circular Business Model

Target for 100% of packaging to be recyclable, reusable, or compostable in 2025

● SCGP Operating Facilities
 ● Recycling Collaboration with SCGP

1

Strengthen ASEAN operations and expand to international packaging material recycling business

2

Enlarge collaborations with over 145 recycling partners at multiple levels

3

Influencing community & consumer on sustainable waste management

Innovation and R&D propel resilient organization

Distinguished design capability
that serves urgent social needs
“SCGP Field Hospital Bed”

Innovate sustainable packaging
“Optibreath” to reduce global food waste

Quality growth amid global challenge leads to long-term strategic goal

1

Growing the core

(M&P and Organic Expansion)

- Strengthen global network for expansive foodservice segment

2

Expand to adjacent fields

- Distinctive one-stop solutions for rising E-commerce demand

3

Breakout with new businesses

- Fulfil surging needs of healthcare & medical supply globally
